

IN MEMORIAM

On June 19, 2005 Maida Forman, founder and president of N.A.N.A. the International Nana Mouskouri Fan Club passed away.

In 1992 Maida, a long term admirer of Nana, realizing there was little or no information available in the U.S. in regards to the scheduling of concerts, approached her for permission to start a Nana Mouskouri fan club. Nana graciously approved. In 1997 Nana even put the fan club information on the back cover of the "Return to Love" album.

Through the years Maida kept us informed on Nana's concerts, new albums and other activities. She worked tirelessly to print and mail the N.A.N.A. newsletter to fans all over the world. Due to Maida's hard work many people heard about Nana and ultimately became loyal fans. Many lasting friendships were formed at Nana's concerts and other N.A.N.A. get-to-gathers.

Maida and fan club officers were included in the 1998 PBS tour to promote Nana's "Concert for Peace" produced by George Veras.

In recent years N.A.N.A. became a website created by Philippe's ingenuity and experience of the Internet and Maida's knowledge. This has made it possible to disseminate information rapidly and to reach millions of fans.

A donation to your local Battered Women's Shelter in Maida's memory would be greatly appreciated.

Maida may be gone from us – but our love and appreciation for her will last forever.
